

RADNOR HIGH SCHOOL

RADNOR THEATRE

Mr. BRIAN DIETZLER, M.Ed. "Building character on and off the stage."

Dear Friends,

Tuesday, June 30th, 2026

Thank you for coming to see and to support our Radnor Summer Theatre production of *Into the Woods!*

This is an important message for all ticket holders, students, and staff of our July 2nd shows. Parking in the correct area on our campus is required. Please review these pages carefully.

The Radnor Township Fireworks are taking place in the evening of July 2nd. During the daytime setup and evening fireworks, absolutely no vehicles are allowed in the danger zone of the fireworks. Vehicles in those zones will be towed. Please see page 2.

We are grateful to our Directors of our Radnor Township School District Facilities in working with us to secure limited parking on campus for our show; at the same time, we highly encourage audience members to consider parking at the Radnor Financial campus just across Radnor-Chester Road from our Radnor High School campus.

It is a walk of only a few minutes from Radnor Financial to the back entrance of RHS, and the advantage of parking at the Financial Center is that after our show, you will be able to depart quite easily with little traffic as a result of the fireworks.

For our friends with disabilities, rest assured there is a ADA reserved parking area at the front of Radnor High School. Patrons are welcome to drop off at the entrance as well before parking safely.

I believe it is a great way to finish our time together to have fireworks just after our last show! As always, thank you for your patience and kind understanding in complying with the parking requirements, which are in place for everyone's safety and wellbeing.

Sincerely,

Brian Dietzler
